Reading

Read a chapter of your reading book and then focus on the following 2 VIPERS skills:

1) Vocab - Write down all of the unknown words. Can your adult help you find the meaning of them?
2) Summarise - summarise the chapter in no more than 20 words.

Reading

Read the classic fairy tale The Snow Queen by visiting this website: https://shortstoriesshort.com/story/the-snow-queen/
How does it compare with The Lion, The Witch and The Wardrobe so far. What are the similarities and differences?

Writing

Write a diary entry as though you are Edmund and you have just entered the White Witch’s castle for the first time. What did you see? How did you feel? What did you do?

Maths

Our current focus is time.
Read the time from a digital clock in your house at five different points throughout the day and draw the time onto the analogue clocks below.

Art

Draw King Tutankhamun. There are YouTube tutorials to help you with this. Think about tone (light and dark shading) to create a realistic 3D effect.

To Year 3, I hope you are excited to get stuck into some home learning. I can’t wait to read your diary entries and compare them to the ones you have written in school as Lucy. I wonder how different they will be? I am just as excited to see your drawings of King Tutankhamun as you have all already told me lots of interesting facts about him in class. Also, I hope you all have fun completing the Cosmic Yoga videos, exercise always helps me to feel better!

<td>It’s really important we keep active for our bodies and our mind! Please choose a Cosmic Yoga video on Youtube to complete, you could even try to teach your favourite yoga position to someone else!</td>
<td>We are learning all about Rocks, Fossils and Soils in Science. Create a step-by-step guide to explain how fossils are formed. Try to include pictures to explain each step. Use the link below to help you: <a href="https://www.bbc.co.uk/bitesize/topics/z9bbkqt/articles/z2ym2p3">https://www.bbc.co.uk/bitesize/topics/z9bbkqt/articles/z2ym2p3</a></td>
<td>Write down everything you have learnt about the River Nile so far. Think about its geographical significance to the Egyptians (for cooking food, water, cleaning, crops etc). Then, contrast this to our local river the River Don. How has the use of this river changed over time?</td>
