Chapter 17 – The Hunting of the White Stag

The children rule Narnia for many years. Mr Tumnus tells the children of a White Stag who grants wishes to whoever catches him. The children set out to find the stag but instead find the lamppost and the wardrobe door they originally came to Narnia through many years ago. They can’t remember where they have seen the lamppost before, but suddenly find themselves tumbling out of the wardrobe back into the professor’s house as children again. The professor explains they will find other ways into Narnia and have many more adventures there.

Science: Animals including Humans

Living things need the right nutrients to grow, be strong and healthy. Animals including humans get these nutrients from the food we eat. Use the Eatwell Guide attached and the internet to create a poster explaining what each of the 7 nutrients does for our bodies. You may choose to draw examples of foods that contain each type of nutrient.

Challenge:

Plan a healthy, balanced meal that includes the correct amount of all the nutrients we need to eat or drink everyday!
