Hello everyone! This week our home learning is all about magic! As well as the exciting tasks set by your teachers we thought that you might enjoy these fun family activities. Don’t forget to log in to you Pupil VLE to let us know how you get on.

This week’s learning challenges:

**Make a some Magic Moon Sand:** All you need is 4 cups of flour and half a cup of oil or baby oil if you have it. Mix them together in a bowl until they are all blended. If you want you can add a few drops of food colouring and maybe even some glitter if you have it. Now you can have fun making different shapes and when you have finished just crumble them up again! Don’t forget to store it in a tub with a lid and then you can use it again another day.

**Put on a magic show:** Have a look on line for some magic tricks you could learn. Once you have worked out how to do some why not put on a magic show for your family? Work together to make a stage, posters tickets and even seats for your audience. What will your show be called? Will you have a special magician’s name? How much will the tickets cost? Why not take some photos or even videos to share with us?

**Magic Writing:** You will need a piece of kitchen roll folded in half, some felt tip pens and a tray or plate with water in. Watch this youtube clip to see how to make magic pictures! Have a go yourself and see what magic messages you can send to your family. Maybe you have a message for your friends or even your teachers. Why not take photos and share it on the Pupil VLE for them to see?

**Get Moving:** Moving around is like a special magic for your body to help keep you fit and healthy. Click on the Just Dance link below to learn the ‘Magic’ dance. You could learn it on your own and when you know the moves really well, put on a magical show for your family at home. Or you might want to get your brothers, sisters and grown ups involved too and learn it altogether.

After all of that dancing around, you might want to relax a little bit with some deep breathing and stretches. Click on the Cosmic Yoga link to try the Witches and Wizard yoga session:

**Disappearing Tricks:** As we are spending so much time at home at the moment it is easy for our bedrooms to get very messy. Why not do some Mary Poppins style magic to impress your parents and get your room spick and span and good as new? Choose your favourite song to play and see if you can tidy everything away before it finishes. There is nothing that makes grown ups happier than disappearing mess! Ready, steady, go.....
